

CALL FOR PAPERS

IXth Doctoral Meetings in International Trade and International Finance

organized by the network

Research in International Economics and Finance - RIEF

The Research in International Economics and Finance (RIEF) network was born in 2004 with the objective to reinforce scientific collaboration and contacts between European research centers working on international economics and finance. The network organizes a yearly doctoral meeting which offers the opportunity for PhD candidates or young doctors to present their work (should it be in progress or more advanced) to their counterparts and to more confirmed researchers. The previous meetings were held in the Universities of Barcelona, Rennes 1, Paris-Dauphine, Paris-X-Nanterre, Brussels (ULB), Paris-XIII-Nord and Geneva.

This year's IXth edition will be hosted by the **University of Aix-Marseille II** on the **23rd and 24th of April 2009**. The two invited lectures will be given by [Gino Gancia](#) (CREI-UPF) and [David Thesmar](#) (HEC School of Management).

A prize of 500 euros will be awarded to the best article submitted. To be eligible, authors and co-authors should be Phd students at the time of papers' submission.

Submitted papers must be sent in electronic format (pdf) exclusively to sophie.desalee@cepii.fr by the 5th of January 2009 at the latest.

There is neither submission fee nor participation fee. Conference participants will arrange for their travel and accommodation expenses. Further information will be available soon at: <http://rief.univ-paris1.fr/>

The journal *Economie Internationale / International Economics* (<http://www.economieinternationale.eu/>) welcomes submissions of papers presented in the meeting. Papers submitted by May 15th 2009 will be given a first editorial response by July 15th 2009.
